

GENERATIONS FAMILY HEALTH CENTER **DONOR FORM**

Thank you for helping Generations to continue to meet our mission with a charitable gift. All donations are welcomed and appreciated. There are many ways to support us.

DIRECT GIVING

Generations gladly accepts monetary donations of any amount. All donations support programs that directly help our patients. Unrestricted gifts allow for the greatest flexibility in supporting our programs and meeting emergency needs, but we will gladly accept gifts designated to a specific program or project.

MEMORIAL GIFTS

Memorial contributions provide a special opportunity to let family and friends know they are being remembered. It is a thoughtful and caring way to express sympathy while sharing concern for the health and well being of others.

TRIBUTE GIFT

A tribute gift provides you with the unique opportunity to honor special people on birthdays, graduations, weddings and other memorable occasions. It is a great way to show a family member or friend that you share and respect their love for the health and happiness of people from all walks of life.

GIVING TREES *(at our Willimantic and Putnam Sites)*

A donation to our Giving Tree will plant a seed for our future growth by funding building and equipment projects. Generations recognizes donors to our capital projects funds by placing Giving Trees in the lobbies of our Putnam and Willimantic facilities. It is an opportunity to recognize family, friends and a loved one in an ongoing memorial.
